Leading Experts in Road Safety Audits

Road Safety Audits are carried out to consider how the highway environment will be changed as a result of improvement schemes and how this will affect road safety for those using and working on the highway.

Sky High thrive on providing our customers with quality services based on a combination of training, experience and attention to detail. Our Highways Agency approved road safety audit team have been trained and undertake audits in accordance with the guidance set out in HD 19/03 of the Design Manual for Roads and Bridges.

The Sky High Road Safety Audit Team has extensive experience in the field of road safety audits, road safety engineering, collision investigation, traffic and highway asset management. This provides us with a deep knowledge and understanding of the technical and legal implications of highway improvements together with the importance of delivering a quality service to meet specific client requirements.

Whether you need a complete safety audit service or additional support when your own internal safety audit resources are stretched to full capacity, Sky High can offer a cost effective, high quality bespoke solution to your Safety Audit needs.

In summary we provide:

All stages of audit on:

- Major and minor highway improvement schemes
- Improvements schemes for non-motorised users including cyclists, pedestrian and equestrians
- Improvements on the trunk road and motorway network
- Development proposals.
- Public transport improvement schemes
- Traffic management and traffic calming schemes

In addition to:

- Close client liaison
- Expert pre-audit advice including police and local highway authority liaison

With the benefit of:

- ISO 9001:2000 Quality Management System
- Nationwide coverage with local offices in Leeds, London, Halifax, Edinburgh

For further information contact us by phone, fax or email.

Sky High has been established since 1989. We are a multi-disciplinary company serving the traffic and transportation industry, police forces, housing associations, blue chip companies and all other organisations needing high quality data collection, collation and analysis services.

With nationwide coverage and teams specialising in all types of manual, video and automatic survey, data capture and analysis we offer a comprehensive range of services which currently includes:

- Turning counts at junctions and major intersections
- Link-flow traffic counts
- Vehicle, pedestrian and cyclist origin destination surveys
- Vehicle registration number plate surveys
- Roadside interview surveys
- On and off-street parking surveys
- Journey-time surveys for buses, cars, walking or bicycles
- Congestion monitoring (vehicle speeds, flow and occupancy surveys)
- Temporary automatic traffic counter (ATC) speed surveys
- Permanent ATC installation, maintenance and operation
- Traffic light violation surveys
- Pedestrian and cyclist surveys
- Rail and bus punctuality, ticketing and patronage surveys
- Topographical surveys
- Retail footfall surveys
- Market research surveys
- Data entry and verification
- Data collection consultancy
- Air quality monitoring
- Road safety audits
- Travel diaries
- Traffic database
