

SKY HIGH DATA CAPTURE

A DIVISION OF SKY HIGH PLC

Data Capture

Sky High Data Capture is the specialist data capture division of Sky High Plc with more than forty-five years experience in providing high quality data capture and analysis to businesses across the UK. Established in 1964, we have built a strong professional reputation by consistently delivering accurate and reliable products and services to our customers. We pride ourselves on our flexible approach in working on small projects and large campaigns alike, which enables us to cater for the needs of all organisations requiring high quality data capture services.

We understand the importance of data security and control documents at all stages of the process in addition to industry standard encryption of all data files. We are registered with the ICO and adhere to the seven principles of the Data Protection Act 1998. Our scanning process also follows the guidelines of BS Disc PD0008 the current British Standard document relating to 'Legal Admissibility and Evidential Weight of Information Stored Electronically'.

Our service:

- Reduces disruption to in-house facilities
- Delivers accurate data on time
- Provides a more flexible resource
- Enables your staff to concentrate on using accurate data to make informed decisions.
- Provides added value for your customers
- Reduces overall costs

Our varied clients return to us time and time again because of the extremely high levels of customer satisfaction they experience through the personal attention we provide. Whatever information you are processing, Sky High Data Capture delivers the accuracy, flexibility, reliability and performance you need. We also offer an advice service on survey design, so if you have a specific data requirement we will be pleased to provide a free consultation and bespoke quotation.
