Leading Experts in Video Traffic Surveys

Sky High has been at the forefront of using video systems, analysis procedures and data reporting since 1989.

We have the skills, resources and availability to deliver a first class service for what is a highly specialised field of traffic survey work. Having the benefit of end-user experience in the company, we understand the critical importance of data quality from how it is collected in the field to how it is processed, reported and presented.

We supply our clients with unbeatable quality of service and the verifiable assurance of truly accurate data. For example:

Data on:

Sophisticated, advanced camera systems for:

- Vehicle occupancy surveys
- ATC verification
- Journey time surveys
- Registration plate surveys
- Driver behaviour analysis
- Classified link flows
- Intersection surveys
- Pedestrian counts
- Cyclist counts
- Vehicle tracking

In Addition to:

- Up to 100 camera system surveys
- Full-time, highly experienced project managers and supervisors
- Full-time analysis teams
- Full-time quality, environment & safety manager

With the benefit of:

- ISO 9001:2000 Quality Management System
- Nationwide coverage with local offices in Leeds, London, Halifax, Edinburgh

Then with painstaking attention to detail, our dedicated team of analysts will collate all data to produce a complete report on your study. The analysis is presented in a clear, accurate and concise format, giving you results you can see at a glance and act on.

For further information contact us by phone, fax or email.

Sky High has been established since 1989. We are a multi-disciplinary company serving the traffic and transportation industry, police forces, housing associations, blue chip companies and all other organisations needing high quality data collection, collation and analysis services.

With nationwide coverage and teams specialising in all types of manual, video and automatic survey, data capture and analysis we offer a comprehensive range of services which currently includes:

- Turning counts at junctions and major intersections
- Link-flow traffic counts
- Vehicle, pedestrian and cyclist origin destination surveys
- Vehicle registration number plate surveys
- Roadside interview surveys
- On and off-street parking surveys
- Journey-time surveys for buses, cars, walking or bicycles
- Congestion monitoring (vehicle speeds, flow and occupancy surveys)
- Temporary automatic traffic counter (ATC) speed surveys
- Permanent ATC installation, maintenance and operation
- Traffic light violation surveys
- Pedestrian and cyclist surveys
- Rail and bus punctuality, ticketing and patronage surveys
- Topographical surveys
- Retail footfall surveys
- Market research surveys
- Data entry and verification
- Data collection consultancy
- Air quality monitoring
- Road safety audits
- Travel diaries
- Traffic database

TESTIMONIAL

“...Data validation checks have proved the work of Sky High’s video enumeration team to be of a very high standard, but also cost-effective. We have also used the video survey team at Sky High for complex and/or urgent video survey requirements on a number of occasions, also receiving an excellent service. We look forward to continuing to work with Sky High PLC in the future, and would recommend their services highly.”

Duncan Jamieson

Transport Monitoring Team Leader
Gloucestershire Highways.
